

$$\frac{1}{2}b_{\text{H}} = 1,5 \text{ m}$$

$$c_{\text{H}} = 1,0 \text{ m}$$

A diagram of a rectangular cross-section, shaded in gray. The rectangle is divided horizontally into two equal halves by a central line. A vertical double-headed arrow on the left side indicates the total height, labeled $c_{\text{H}} = 1,0 \text{ m}$. A horizontal double-headed arrow at the top indicates the total width, labeled $\frac{1}{2}b_{\text{H}} = 1,5 \text{ m}$. The right edge of the rectangle is slightly irregular, suggesting a rough or cut surface.
